This workshop will provide families of young children with Down syndrome and the professionals who work with them important information as they prepare for not only the transition from preschool to kindergarten but for success throughout the early elementary years. Suggestions for preschool programming, transition planning, and collaborating effectively with professionals will be presented, followed by an overview of academic, social, and behavioral supports that will lead to a successful elementary school experience.

*Meet other parents as well and find out about local resources and events that are available to you and your child here on Long Island.*
